

Christian Renewal School

Prospectus

2018

Mission Statement

- To provide for students a sound, basic Christian Education that is loyal to the Bible, Christ-centred, promotes those values and standards and recognises that Christian spiritual values permeate all curriculum areas.
- To provide for parents/guardians an alternative choice of school for developing their children to their full potential in God.

Romans 12:2

And do not be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.

Transformation through Education

Principal's Message

Christian Renewal School developed from vision planted in 1977 coupled with the passion of a group of parents to start in 1993. It became an Integrated Special Character Area School in 1996. Since its beginnings it has continued to grow and influence the community.

The school exists to assist parents, in their God-given role of raising children. The school is here to provide an environment that promotes Christian values. These Christian values are not only encouraged during pastoral times, but permeate all curriculum areas.

We place high priority on the wellbeing and success of each individual student; and maintain good parent-school relationships.

The following articles will help give you some insight into the school.

Christian Renewal School

Christian Renewal School is a Christian School for students from Y1 to Y13. It is situated close to town at 2, Tarewa Rd. Pupils come from a variety of backgrounds and environments, but these families are committed to the Special Character of the school.

The school can support 240 students and has 35 teaching, teacher aide and other support staff.

Enrolling children in Christian Renewal School gives parents an opportunity to choose a different and distinctive education environment. Christian Education is based on Biblical principles where respect, honesty and other traditional values are encouraged and expected. This creates a climate for academic excellence throughout the school.

Rodney Lloyd

Principal

Christian Education

We thank you for your interest in Christian Renewal School. As a school our desire is to serve God in all that we do. We are different from other schools- Our purpose is different, as are our goals – we are here to serve God through education and schooling.

We encourage you to read through this Prospectus in order to understand how our school can serve your family and your children.

Christian Renewal School is a Special Character State Integrated Christian School for students from Years 1-13. We are committed to meeting the spiritual, academic, social and physical needs of all students, with a view to having a positive impact on future generations.

There are two particular areas where the Christian School is significantly different.

ONE: Academic Learning with God at the Centre

Truth at the Centre

Schooling is about learning and learning is about knowing truth. As Christians we begin with the fact that **God is Truth**. If we are not learning truth then we must be learning a lie. God is Truth, Jesus is Truth and God's Word (Bible) is Truth.

- The object of education is truth.
- If we believe that God is truth then we must begin with learning about God, studying the Bible and learning about how Jesus lived.
- If there is no learning about God then there is no truth.

Jesus said, *"I am the way, the truth, and the life. No one comes to the Father except through Me"* (John 14:6). Jesus and the revelation the Spirit of truth gave through His apostles are the final, ultimate revelation and definition of truth about God, people, redemption, history, and the world. Without understanding this we cannot be educated.

Deuteronomy 32:4

*⁴ He is the Rock, His work is perfect; For all His ways are justice, **A God of truth** and without injustice; Righteous and upright is He.*

Psalms 119:160

*¹⁶⁰ The entirety of **Your word is truth**, And every one of Your righteous judgments endures forever.*

Only a curriculum with God and the Bible at the centre can encourage learning of truth – if it's not truth then it is false. What is false must then be a lie.

The Bible at the Centre

All academic subjects are addressed in the Bible. To understand any subject completely we must understand the Biblical perspective. If a subject is taught apart from the knowledge revealed in the Bible then understanding of the subject is incomplete.

- Can I learn History if I don't understand God's role in history and man's development?
- Is a student educated if he doesn't know about God – who is the source of life, truth, knowledge?
- Much of modern science has come through man's desire to learn more about God – for example Sir Isaac Newton, Michael Faraday, and Johannes Kepler are scientists who are Christians. Real success comes from commitment to learn more about God in every area of life.

Martin Luther

"I'm afraid that the schools will prove the very gates of hell, unless they diligently labour in explaining the Holy Scriptures and engraving them in the heart of youth."

Purpose of Life

Matthew 6:33

³³ *But **seek first the kingdom of God** and His righteousness, and all these things shall be added to you.*

We are here to seek God and His Kingdom. Our purpose in life fits into God's purposes. *All things were created through Him and for Him.* Colossians 1:16

Education should prepare us for our purpose. If our purpose is about God then God must be at the centre. The Bible is God's revelation to us. Through the Bible we understand God and so the Bible must be foundational to all learning. The Bible helps us understand our purpose here on Earth.

Abraham Lincoln

"the ideas that are taught in the classroom will be the thoughts which rule in the government of the next generation."

Goals

To foster a personal relationship with Jesus Christ

To encourage the ongoing development of Christian character in the life of every student

For all students to achieve to their God-given potential

For every student to recognise their unique value and worth, because each individual is created in the image of God.

To become well balanced Christian citizens who are able to enhance the society they live in

Goals of Christian Education

As the purpose of Christian Education is different so also will be the goals. The reason for a student being in the Christian School is different.

1. **To glorify God** – man is created to enjoy God and have relationship with Him. Joy and success are not found in achieving personal goals but in relationship with God.
2. **Biblical Worldview** – to understand God's perspective in all areas of life, and learn to think like He does.
3. **To love and serve God, and our neighbour** – the basis of the 10 Commandment is to love God and love and serve people (society).

Thus Christian Education must focus on all areas of life – spiritual, mental, social and physical

Luke 2:52

⁵² *And Jesus increased in wisdom and stature, and in favour with God and men.*

TWO: Christian Atmosphere/Environment

Education does not happen in a vacuum, but in an environment. The atmosphere is determined by the people in that learning environment – which includes staff and fellow students. Within the Christian School there are two important factors:

All Staff are committed Christians

Staff determine the atmosphere of the class and also the Christian School. The teacher is a positive role model for students, and has the same high morals and traditional values that parents want taught to their children. They pray regularly for their students. The student will become like the teacher (Matthew 10:25).

We have asked past students and senior students what they have appreciated most about the Christian School. The most common comment has been that the teachers are positive Christian role models, who genuinely care about their wellbeing in every area. Students like the teachers, respect them and learn from them.

Positive Peer Pressure

In a Christian School, the majority students come from Christian homes, and have a desire to follow God. Students take on the values/beliefs of those around them. 1 Corinthians 15:33 teaches that *"bad company corrupts"*. People are relational; students are relational and we influence and learn from each other. The values, beliefs and standards of those around us influence and shape us.

An environment where the teachers and peers want to please God encourages Christian values. An environment where the majority are not Christians will not develop Christian values.

Curriculum

A successful curriculum needs to be founded on basic premises about the world we live in. The following reflect the foundations of the curriculum at Christian Renewal School:

- Recognising that we live in a world created, ordered and sustained by God.
- Understanding that God is the centre of the education process which gives students a complete understanding of the world in which they live.
- Education helps us to learn about, interpret and live in the world.

The curriculum aims to help students respond to God and seek their place in His world, serving Him by maximising the skills and abilities He has given them, whilst covering all aspects of the NZ Curriculum.

Christian Renewal School is unashamedly Christian. Biblical principles permeate all curriculum areas, and subjects are taught from a Christian perspective. Scripture memory is an integral part of students learning.

Primary (Years 1-8)

The Primary School lays the foundations for success later in the school. An advantage of the Christian School is that student's progress from Year 1 to Year 13 in the same school so staff are clearly able to monitor academic progress.

The focus for New Entrants is to establish good foundations in basic learning skills, with a real emphasis on learning to read, write and begin to master numeracy.

As students move through the Primary School they learn using a variety of curricula, always with a Christian emphasis. Some of the features of the Primary School include:

- Low student to teacher ratios.
- Staff committed to see students learn to their potential.
- Learning support for akonga (learners) who need it.
- High Achievement Levels.
- Major emphasis on Numeracy and Literacy.
- Specialist Science, Technology, Music, Drama and Visual Arts teaching.
- Specialist Health and Physical Education Programme.
- Sports Programme.
- Swimming in heated city pools.
- Outdoor Education (Camp) Programme.
- Te Reo and Tikanga Maori taught.
- Second Language options from Year 7.

Secondary School (Years 9-13)

Success in the Secondary School builds on the academic success achieved in Primary School.

The secondary school follows the NZ Curriculum Statements from a Christian perspective. Students are able to develop their God-given gifts and are well prepared for assessment in NCEA. Subjects offered are in keeping with obtaining a sound all round education and give students intending to study at tertiary level the subjects needed as pre-requisites for their courses. The core subjects are taught by experienced teachers. Some subjects may be entered through Te Kura (The Correspondence School) which are monitored by teacher aides and a support teacher. Students enter NZQA Achievement Standards to provide for a good balance of internally and externally assessed credits. Some of the features of the Secondary School include:

- Vertical Form Classes (Rakau Groups) from year 9-13. This encourages relationships between peer groups and a family atmosphere
- Many students gain above the national average in NCEA Levels 1, 2 and 3. A number of these are getting endorsements at Merit and Excellence level.
- A number of students have attempted and succeeded well in Scholarship examinations.
- English, Maths and Sciences curriculum areas have been a real strength.
- We are committed to becoming the school of choice for Performing Arts
- The successful Gateway and STAR programmes enable students to explore different work environments, encouraging them to follow the path God has gifted them for.
- The school has made use of Trades Academy courses for key students

Pastoral Care

As a Christian School our role is to teach and train children according to Biblical principles. All staff are professing Christians who are committed to building into the lives of young people. There is huge support within the school environment. We outline clear expectations and boundaries, which emphasises that what we do affects others and brings consequences- good or bad. Consequences for poor behaviour will often involve restorative justice processes.

Behaviour Management

One of the distinctives of the Christian School is the commitment to work with parents in helping them to educate and prepare their children for service. This means that behaviour management is seen to be a joint venture between the school and the home. Obviously there are issues that arise on a daily basis where students require immediate correction and the school has policies and procedures for dealing with these.

General Principles

The Special Character states that the school will provide an environment where children, parents and staff can experience godly relationships, showing the character of Christ in love, discipline, respect, honour and trust. With the behaviour management policy, it is essential that this aspect of the Special Character of the school is maintained.

The goal of the Behaviour Management policy is to have the home and the school working closely together. The Bible places first responsibility for discipline on the home. It follows from this that where a pupil has difficulties, the school will relate closely with the parents to work through any problem misbehaviour.

It should be noted that the school is not “a school of last resorts” or “a corrective institution”. While we have seen some wonderful changes occur in students’ lives, it does not automatically follow that this will occur every time. The staff will try their best, but in the end the student must also be teachable and home training effective.

Further, many parents send their children to the school to be protected from negative influences; and they have the right to have that desire upheld.

The School’s procedures seek to establish in each student:

- Self-control and self-discipline.
- Consideration for their own and others wellbeing.
- Recognition and respect for authority and deadlines.
- Recognition of authority; and having a humble and submissive spirit
- Acceptance and fulfilment of God’s will for their life.

Specific Rules

Students are expected to act in an orderly and respectful manner, maintaining Christian standards of courtesy, kindness and honesty. Students are to show respect to those in authority over them, and respect towards other students and their property.

The following outline of acceptable behaviour is provided so that consistent standards can be maintained by teachers and teacher-aides supervising students.

- All behaviour is to reflect and uphold good Christian standards and principles. Unacceptable behaviour will result in consequences determined by the nature of the behaviour.
- Students shall exercise care in relation to their property and that of others, and shall not deface or destroy school property. The expectation is that students will replace, or reimburse for damage that is not accidental.
- Students will not threaten, harass, or hurt another student, nor in any way actively seek their unhappiness.
- Students are expected to obey the adult in authority while on school grounds, on field trips or at any school function.
- The use or possession of tobacco, drugs or weapons is forbidden at school, or at any school function.
- Chewing gum is not permitted at any time.
- All personal property, books and equipment should be clearly named.
- All staff members and supervising adults are to be treated with respect and addressed by Mr, Mrs or Miss followed by the individual's surname.
- Bicycles are to be ridden to school responsibly. Bicycles may only be ridden by their owners and they must wear a helmet.
- No electronic equipment (laptops, i-pads, tablets etc.) can be used within the school except those required for school use.
- Cell phones may be brought to school by students, but must remain switched off and not used during school hours, except with a teacher's permission.
- There shall be no instances of a male and a female student separating themselves from other students in the school environment without the expressed permission of a teaching staff member.

Learning Environment

The focus of the Christian School is education which is learning and growing in wisdom, knowledge and understanding. For this to happen effectively teachers in classes must be able to teach and students must take responsibility for their own learning.

This requires that the appropriate learning environments are created and maintained where teachers can teach and students can learn. (especially in Senior School, where they have a certain amount of material to cover prior to assessments).

While appropriate guidance and pastoral assistance will be given to help change inappropriate behaviours and attitudes, it is necessary that the learning of the whole class take precedence over that of the individual.

Consequences

Where students choose to break rules there will be consequences. The expectation is that students will, with parent's support, complete the tasks/impositions placed upon them.

If students choose to negatively impact the education of others through disrupting the learning environment there will be consequences, which include detentions or removal from the learning environment and may eventually lead to stand downs or suspension which may lead to exclusion. Most consequences will impact the students own learning and they may be required to catch up on

work at a later time. **Note:** – we are here to train firstly in Biblical standards and Christian character. There are other educational establishments where *students who refuse to try to live according to Biblical principles* can attend.

Family

The family still has the most significant influence in the lives of children. This shapes attitudes, which are demonstrated in behaviour. Deuteronomy 6:4-9 teaches that it is the parents' role to teach. Parents are ultimately responsible for their children, they simply allow the school to assist in the role of training children, through teaching in the Christian School environment.

One of the distinctives of the Christian School is our commitment to work with parents in helping them to educate, train and prepare their children for the future. This commitment is demonstrated through a close working relationship with parents in every area of the student's development. The Christian School is here to assist parents, particularly in the area of education and development of academic success, which includes the gaining of qualifications.

Teaching and training children to do well academically is a partnership between the home and school. Obviously this means there will be some expectations we have for the school environment which will impact upon learning.

We would ask you to consider the following as being practical keys which will positively build into the lives of your children:

- Have family devotions, including daily Bible reading and prayer. This will help lay strong foundations in children's lives.
- Teach and expect good manners, respect and obedience from your children.
- Pray regularly for the staff, students and the school
- Co-operate with staff in matters of behaviour management
- Stand against criticism of school staff and policy by their child, and use it as an opportunity to contact those involved to check out the accusations made
- Ensure children have tasks where they can help around home. Expect them to complete these according to your time frame not theirs.
- Have times where you read to/with your younger children. If possible make this a daily occurrence. Reading will help in academic success.
- Establish boundaries and limits in your home – especially for TV/internet/music/friends.
- Follow through with any work, assignments, or slips to be signed
- Ensure that your children are punctual, and provide a written explanation of absences
- Train your children to respect the property of others.

Communication

Communication in regard to any areas about school life is crucial, for the school and your children. Please let us know about anything that we need to know which can impact your child's academic success. Please keep us updated on any change of address or e-mail contact.

We would also ask that you are diligent in reading newsletters, attending parent meetings and interviews, and checking the school website.

Students

The goal of the Christian School is to teach academic subjects through curriculum while encouraging the development of Christian character along with a passion for Jesus. This means a real focus on encouraging Christ like attitudes and behaviour. The expectation of the Christian School is that this is what parents and students are setting as high priorities in schooling, especially in the Secondary area.

We have standards and boundaries for all students.

Appearance

At CRS we have a mix and match school uniform, which every student is required to wear for all school activities, including the sports uniform for PE.

Students who attend Christian Renewal School are expected to wear their uniform correctly at all times - whilst at school, to and from school and when representing the school.

School Uniform is to be purchased through **Bethell's Whangarei**. (The Strand Shop 14/Vine St.)

The uniform is as follows:

Boys:

- | | |
|------------------------|------------------------------|
| • Shorts | Black with logo |
| • Trousers | Black with logo |
| • Polo Shirt | Grey with logo |
| • Socks | Black with red stripe |
| • Shoes/Sandals | Black |

Girls:

- | | |
|------------------------|-------------------------|
| • Shorts | Black with logo |
| • Trousers | Black with logo |
| • Skirt | Black with logo |
| • Polo Shirt | Grey with logo |
| • Socks | White ankle sock |
| • Shoes/Sandals | Black |

Both:

- | | |
|---------------------|---|
| • Sweatshirt | Grey with logo or
Red with logo (Red for primary only) |
| • Jacket | Black or Grey with logo |

Year 13

- **Students of Year13 also have a shirt and tie option**

School hat with logo (compulsory at Primary level): All students are encouraged to wear a hat when outside but it must be removed when in class.

Shirts may be out with short pants but must be tucked in when wearing the sweatshirt.

Girls:

- Skirt is to be at knee length.
- Skirts/pants should not be tight.
- White socks or stocking with shoes, or sandals.

Notes:

	Boys:	Girls:
Shoes:	Plain black lace-up low heeled shoe. There is to be no other colour on the shoe i.e. no white sole, no sports stripes, no coloured tongue or coloured laces. No high tops or boots.	Plain black lace-up or single buckle or strap, low heeled shoe eg Brazilian from Hannah's. There is to be no other colour on the shoe i.e. no white sole, no sports stripes, no coloured tongue or coloured laces. No high tops or boots.
Sandals:	Plain black low heeled sandals, worn with a back strap. These must not be worn with socks and are not to be worn with trousers.	Plain black low heeled sandals, worn with a back strap.
Socks:	With shorts, black school socks with red stripes must be worn to just below the knee. If students do not wish to wear socks pulled up, they have an alternative in sandals.	White ankle socks or black or natural stockings only. Worn with shoes only.

Hair: Students hair must be clean and tidy at all times with no extremes of fashion acceptable, e.g. Mohawks, dreadlocks, corn rows, rat's tails, unnatural coloured hair, shaved sections etc. Long hair must be tied back. We would prefer that hair was not dyed, but if it is, natural colours only. Boys should have a clean shaven face.

Undergarments: A short sleeved T-shirt or similar undergarment may be worn underneath the school shirt *but must not be visible*.

- Make-up is not necessary at school.
- In relation to body piercing, female students only may have a single stud in each ear.
- Tattoos are not acceptable.

Inter-Pupil Relationships

The objective of Christian Renewal School is to create an environment where all students can build and enjoy relationships with each other. The older they become, the more complex these relationships can become. It is important that students are protected from undue peer pressure and expectations regarding relationships with the opposite sex.

CRS as a co-educational institution provides a healthy environment in which boys and girls can learn how to respect each other, and form lasting and meaningful friendships. As students they should feel free to relate to each other, and care for each other regardless of their gender.

With this in mind the School has a very definite policy on this issue:

- Conversation of a sexually explicit nature, or racially or gender insensitive is forbidden. This includes sexual innuendo, jokes, and language.
- Showing of physical affection to members of the opposite sex is not acceptable, unless members of the same family.
- Physical contact is limited to curriculum activities and then only under the supervision of a member of Staff.
- There is to be no pairing off between students of opposite sex unless under teacher supervision for curriculum activities.
- The Christian School does not support the forming of “romantic” boyfriend and girlfriend relationships either at school or socially.
- Older students must respect and care for the younger students at the college who do not need to be involved in the level of conversation normally associated with older students.
- Mentoring of younger students by older students is encouraged through the Vertical Form system

Finance

Attendance Dues

Attendance Dues are a charge made by the Proprietor of an Integrated School, in agreement with the Ministry of Education, to cover the costs of Capital Development. This money is used to pay for land and building purchase, and repayment of loans used to develop the buildings used by the school. This is not used for the delivery of education to your child but for development of the facilities that the school uses. The Proprietor of Christian Renewal School is Christian Renewal Trust, and these payments are required to go to the trust.

Other Financial Costs

Tuition costs are covered by Ministry of Education grants. This will include swimming.

Stationery items are to be purchased by parents.

Technology classes for Year 7 and Year 8 students are provided off-site at Manaia View School. There is a minimal charge per year to cover the cost of materials used. This is payable to the school.

There may be other costs to cover bus hire, special subjects or field trips, and these will be requested from time to time to cover such.

Entry for NZQA Qualifications have a cost for Y11, 12 and 13 students.

Enrolment Procedures

Preference Enrolment

Preference Enrolment as defined in our Integration Agreement is where parents have established a particular or general philosophical or religious connection with our school. The Proprietor's Trustees have the right to determine from time to time the Christian beliefs, vision, values and lifestyle that make up the Special Character of the school. The school's Board of Trustees is not able to grant a preference enrolment status to parents of any child unless the Proprietor agrees that these parents have established the necessary degree of connection.

Families who want to be considered as Preference Enrolments need to get the pastor of their church to fill in the Preference Enrolment Form.

Non-Preference Enrolment

A limited number of places are available to students who do not meet the above preference criteria. The school may accept up to 5% of the total roll of students as non-preference enrolments.

Enrolment Process

1. School is contacted about possible enrolment.
2. A pack is available on the school website crs.school.nz or can be forwarded/picked up at the school office; which will include a copy of the Prospectus, forms to ascertain Preference and Non-Preference students, Application Forms, School Referral Forms and other relevant information.
3. Parents and all children over 13 years old should read the Prospectus.
4. If desired, a visit to the school can be arranged by phoning the School Receptionist 9.00 a.m. - 3.00 p.m., Monday to Friday. Opportunity will be provided for prospective parents to be personally escorted around the school by the Principal, or the appropriate Associate Principal.
5. Application forms may then be filled out. A separate Application Form is required for each student.
6. When all necessary forms have been received, they will be checked by the Senior Management Team, representatives of the Proprietor, and may be seen by representatives of the School Board of Trustees. Please note that it is the parents' responsibility to furnish documentation. The school may contact the parent where further documentation is required. Christian Renewal School may contact the contributing school to request clarification of information received.
7. An interview will be arranged with suitable applicants with parents/caregiver, the Principal, appropriate Associate Principal and a representative from the Proprietor and/or Board of Trustees.
8. All parents will be notified by the Principal of the outcome of their application.

It must be noted that waiting lists do occur, and the submission of the application forms does not constitute automatic or immediate enrolment.
